

FIRE CAUSE & ORIGIN · CONSULTING

CASE ANALYSIS · LITIGATION SUPPORT

TRIAL COURT CERTIFIED

Chris Bloom has more than 20 years experience as a fire consultant, specializing in the determination of the cause and origin of all types of fires. He also has specialized expertise with fires involving **Recreational Vehicles, Automobiles, Propane, Welding & Cutting Operations**, and others. His experience includes the examination and/or case review of several thousand fires throughout the United States, England, Canada, and Mexico.

Mr. Bloom has taught numerous courses on Basic and Advanced Fire Investigation at the college level. He has taught Vehicle Fire Investigation for the **California Dept of Justice**, and currently provides limited consultation support for both **NTSB** and **NHTSA**.

Mr. Bloom has also been the featured expert teaching Fire Investigation Techniques for several State Chapters of the International Association of Arson Investigators

Mr. Bloom actively participates and is affiliated with the following professional trade organizations:

- International Association of Arson Investigators
- National Association of Fire Investigators
- American Society Testing and Materials
- National Fire Protection Association.

**SERVING THE UNITED STATES, CANADA,
MEXICO AND ENGLAND**

Mr. Bloom's reputation in the industry is one of the utmost integrity, objectivity, and unbiased case analysis and investigation.

The Alaska Attorney General's Office wrote:

"I can highly recommend Chris Bloom's integrity, professional qualifications, personableness, and his capacity for industry and hard work."

State Farm Insurance Corporate Counsel wrote:

"Chris was very responsive to our needs. I found him also to be of high integrity... I would not hesitate to call on Chris again as a consulting or testifying expert."

Another client wrote:

"I would highly recommend Chris Bloom for any case in which fire cause analysis is needed. The information supplied was so thorough, professional, and of great assistance that I have requested {his} expertise on many matters."

I welcome the opportunity to demonstrate my highly specialized knowledge and experience, as well as the quality and unbiased objectivity of the work, which are necessary requirements in order to render proper Cause and Origin Determinations.

If you would like to discuss a fire related claim, please contact this firm at your convenience .
